

**DESK LAMP WITH LOETZ
SHADE DECOR THEA PG 6289
CA. 1908**

€7.600,00

Desk lamp with Loetz shade in the style of
Gustav Gurschner, Johann Loetz Witwe, decor
Thea Phenomen Genre 6289, ca. 1908, glass,
bronze

Loetz Witwe produced besides glass vessels also lampshades in their typical iridescent decor styles. This rare lampshade is decorated with a phenomenon genre 6288 on Thea ground.

The bronze lamp base combines floral elements in the French style with features from past eras. The electrification, including the switch, is fully functional and the lamp shines in a warm, inviting light.
