

**FEMALE BUST WITH VEIL
KARL HAGENAUER CA. 1950**

€3.600,00

Female bust with veil, Karl Hagenauer,
Werkstatte Hagenauer Vienna, ca. 1950, bronze
cast and patinated, marked

The bust of a woman with a veil belongs to the group of exotic figures produced by the Hagenauer workshop from the mid-1930s onwards. The approximately 25-centimeter-high head is a bronze casting. The patinated material is very suitable for depicting the dark complexion of the woman. Almost dreamy with semi-closed eyes, her gaze falls sideways downwards. Her lovely facial features are further highlighted by a bold veil. The exotic features and excellently crafted details of this sculpture allow us to understand why the Werkstätte Hagenauer was very successful with its African figures until the 1950s.
