HORSEMAN FRANZ
HAGENAUER CA. 1937**

€7.800,00

Hunting scene with horseman and two hunting dogs, design Franz Hagenauer, Werkstatte Hagenauer Vienna, circa 1937, brass patinated, marked

Blowing his horn, the horseman leads the hunting party while the two dogs prance around his horse with excitement. One of the hunting dogs has already taken up the scent and drives the hunt up the slope. Franz Hagenauer designed this hunting scene with great vividness and loving attention to detail in 1937. The equestrian group has been executed by Werkstatte Hagenauer later in the 1950s. Elegant and playful at the same time are the animals, while the rising wooden plinth gives the par force hunt additional dynamism.
