

LOETZ HATPIN COBALT PAPILLON CA. 1900

€2.800,00

Hatpin with glass sphere, Johann Loetz Witwe,
decor cobalt Papillon, ca. 1900

Loetz, besides their range of vases, produced lampshades and several small accessories like top parts for hat pins. Such objects are quite rare since their use and wear lowered their number in the course of decades since their production. This hat pin shows a fine dark blue, Cobalt Papillon decor.
