

**LOETZ VASE AUSFUHRUNG
134 CA. 1912**

€3.100,00

Vase, Johann Loetz Witwe, decor Ausführung 134
yellow gradient, ca. 1912

Throughout its existence, the glassworks of Johann Loetz Witwe experimented with various techniques, forms, and decor variants. This art glass captivates with its craquelé surface on a slender, tapering body. The interplay of colors between the yellowish glass body and the blue shimmering, cracked silver threads that surround the vase is fascinating in its contrasting appearance.
