

SAILING BOAT WITH LADY WERKSTATTE HAGENAUER CA. 1930

€1.800,00

Sailing boat with lady, Werkstatte Hagenauer
Vienna, ca. 1930, nickel-plated brass, wood,
marked

Following the philosophy of the Werkstatte Hagenauer, the sailboat presents itself in an expressive and extremely reduced form. The body is formed by a wooden shell in typical dinghy shape. The only attributes of the boat are an oar in the lady's hands, as well as a sail mast with a waving flag and the sail spread. With a lot of strength/powerfulness the lady rows through foaming waves and encourages the viewer to set out for new realms.
