WIEN CA. 1957**

€2.800,00

Small leopard, mod. No. 9558, Werkstätte Hagenauer Wien, ca. 1957, fine wood with inlaid work, turned and carved, marked

Starting in 1945, Werkstätte Hagenauer expanded its range to include playfully and stylistically crafted wooden animal figures. A charming example is the leopard cub, masterfully carved from premium hardwood with its spots elegantly accentuated by dark inlays. The natural wood grain enlivens the surface, imparting both warmth and vitality to the piece, while the clean, simplified form reflects the modern character of Mid-Century Design.
