

**VIKING SAILING BOAT
WERKSTATTE HAGENAUER
1950S**

€4.600,00

Viking sailing boat, Werkstatte Hagenauer
Vienna, 1940s, wood and copper, marked

This sailing ship is one of the largest models of boats made by the Hagenauer workshop in the 1950s. The combination of brass, copper and wood, gives this object a special charisma. The blown sails and the voluminous hull of the ship give the impression of a fast, powerful tour through the foaming waves.
